

Take a Little Ride

Jason Aldean

Been goin' round and round all day
Bailin' some hay and stacking it all up
Can't wait for the sun to go down
Roll into town, shine the old truck up
Swing by the quick stop
Grab a little Shiner Bock

[Another version says "Grab a couple Rocky Tops" in reference to Coors beer.]

Then ease on out your way

To your place around 8 o'clock Well I'm just ready to ride this Chevy,

Ride this Chevy down a little backroad
Slide your pretty little self on over
Get a little closer, turn up the radio
Put your pretty pink toes on the dash
Lean your seat back

Man I swear there ain't nothing looks better than that

Sweet tan, little thing with nothing to do

I wanna take a little ride with you I hope you're wearing those frayed out cut-offs

Makes me want to get lost out in the moonlight

Drop the tailgate down on a turn road

Watch the corn grow, baby that's a good night

Anyone from the heartland is gonna understand

What I'm talking about right now

Ain't no doubt, we got a game plan Well I'm just ready to ride this Chevy,

Ride this Chevy down a little backroad

Slide your pretty little self on over

Get a little closer, turn up the radio

Put your pretty pink toes on the dash

Lean your seat back

Man I swear there ain't nothing looks better than that

Sweet tan, little thing with nothing to do

I wanna take a little ride with you Well I'm just ready to ride this Chevy,

Ride this Chevy down a little backroad

Slide your pretty little self on over

Get a little closer you can play my radio

Put your pretty pink toes on the dash

Lean your seat back

Man I swear there ain't nothing looks better than that

Sweet tan, little thing with nothing to do

I wanna take a little ride with you

Take a little ride with you
I wanna take a little ride with you
