Dumped

Schleprock

Would you save me or leave me behind
Don't say maybe you don't know what I'd do
I put it on the line cause we all
Looked through your diary
Tell me everything you know
Before I go before I goooo..Set this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you startedWould you take me so far away from here
I'm not crazy for crawling back to you
I wonder all the time
When your all alone
Do you wonder where I am
I can be where you want
Just say the right words
But you wontSo I'll
Set this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you startedSet this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you startedThen it hit me
Should I go that far
For a girl doesn't ever
Really know what she wantsThen it hit me
Should I go that far
For a girl doesn't ever
Really know what she wantsFor a girl doesn't ever
Know whats she wants
(She doesn't know what she wants)
She doesn't know what she wantsI read through your diary
Tell me everything you know
Before I go before I goSet this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you startedSet this whole town on fire
Take you with me to watch it burn
Is this what you wanted

Look at what you startedYeah look at what you started
