

My Best Friend

Sweet Symphony

Am so glad
Am so blessed, (mhh) cause I have a friend
He's my saviour, my redeemer
And most of all he is -*my best friend*
Oh oh feels so good just to walk (into day) from day to day
With him (walk with him)
Facing your problems (yeah)
With My saviour *with my saviour *
And my very own (my best friend)

Though sometimes I'm not faithful
I rejoice cause He is faithful (oh lord)

Is my, my best friend, in Him I'll stand
Until the end (with Him I'll stand)
His love is far above any love
My best friend .
Jesus Jesus.

He is my, my best friend (as my best friend)
With him I'll stand until the end
His love is far above any love.
My best friend .

Mhh Testify
Though Sometimes I don't deserve (don't deserve)
Love and compassion like he showed (like he showed)
And thats why am in love with him
With my saviour (yes he is my) my best friend

Though sometimes I'm not faithful
I rejoice cause He is faithful (oh lord)

He Is my, my best friend, in Him I'll stand
Until the end (with Him I'll stand)
His love is far above any love
My best friend .
Jesus Jesus.

He is my, my best friend (as my best friend)
With him I'll stand until the end
His love is far above any love.

My best friend .

He is my
He is my best friend

My redeemer
He is my, my best friend (as my best friend)
With him I'll stand until the end
His love is far above any love.
My best friend .—2
Won't you make him your
Your best friend
Cause He is my.
My best friend.
Oh oh oh my best friend.
My best friend.
My best friend.
