

Breathe

Alex Mica

I wanna breathe love through your lungs
Let me hold you in my arms, cause baby
I wanna breathe love through your lungs
Let me feel your heartbeat going crazy
This raining days are making me
Crying like the clouds in the sky
My soul is dark and I can see
This love that are always made me fly
If I had you then you could make me strong again
And I need you everyday to kiss me
I wanna breathe love through your lungs
Let me hold you in my arms, cause baby
I wanna breathe love through your lungs
Let me feel your heartbeat going crazy
I wanna breathe love to your lungs
I wanna breathe love to your lungs
Let me hold you in my arms
I wanna breathe love through your lungs
Let me hold you in my arms, cause baby
I wanna breathe love to your lungs
Let me feel your heartbeat going crazy
My heart is bleeding now again
Cause youve hurt it when you left me
Now Im looking for you, baby
But I cant find you anymore
If I had you then you could make me strong again
And I need you everyday to kiss me
I wanna breathe love to your lungs
Let me hold you in my arms, cause baby
I wanna breathe love to your lungs
Let me feel your heartbeat going crazy
I wanna breathe love through your lungs
I wanna breathe love to your lungs
I wanna breathe love to your lungs
Let me hold you in my arms, cause baby
I wanna breathe love to your lungs
Let me feel your heartbeat going crazy
I wanna breathe love to your lungs
I wanna breathe love to your lungs

Let me feel your heartbeat going crazy
