

# My Bae

## Pia Mia

(Pre-Chorus)

Got your G stars on and you're wearing them jordan 3s.  
Gold chain on your neck and you always smell like trees(Chorus)

You remind me of my bae

Whooa

My bae

You remind me of my bae

Whooa my bae

You remind me of my(Verse)

He ask 'bout you, I can't talk about it (whoa)  
Even if I could, you wouldn't know about it (ohhhh)  
Say you he take good care and you don't compare

Actions speak louder than words

You be doin' too much, and he be right there

You give me what I deserve

In the back of my mind

I dream about you sometimes

Even though I got a good thing

Still wanna cross that line(Pre-Chorus)

Got your G stars on and you're wearing them jordan 3s  
Gold chain on your neck and you always smell like trees(Chorus)

You remind me of my bae

Whooa my bae

You remind me of my bae

Whooa my bae

You remind me of my bae

You remind me of my bae(Verse)

And I be out here with him, with you on my mind all day  
And when he touch me goodnight, I wanna scream out your name(Chorus)

You remind me of my bae

You remind me of my bae

You remind me of my bae

You remind me of my bae(Verse)

The way you walk and talk now (ohhhh)

Pick me up in a brand new top down

Eyes all low in the middle of the day but I still get high

When you look my way

Cause you're two of a kind and that makes cray

Got someone at home ,so I call you bae

In the back of my mind I dream about you sometimes  
Even though I got a good thing  
Still wanna cross that line(Pre-Chorus)  
Got your G Stars on and you're wearing them Jordan 3's  
Gold chain on your neck and you always smell like trees(Chorus)  
You remind me of my bae  
You remind me of my bae  
You remind me of my bae  
You remind me of my bae(Interlude)  
We can do it, say you're with me  
There go my bae, there go my bae  
There go my bae  
If you know it, how bout I know it  
Say you with me  
There go my bae, there go my bae  
There go my bae(Pre-Chorus)  
Got your G stars on and you're wearing them jordan 3?  
Gold chain on your neck and you always smell like trees(Chorus)  
You remind me of my bae
