

Stop Look and Listen

Army of Anyone

I used to think that we could drink
From the puddle of pure and simple life
Now I know [Inaudible] pointless fightI truly think that we should reposition
The cold reality of what we're thinkingStop, look and listen
Maybe that's the way they will know
Stop, look and listen
Maybe that's the way they will knowJust a break, we could shrink
To something that might not make it back
In the end that we mend
Maybe we can finally make it rightI truly think that we should reposition
The cold reality of our conditionStop, look and listen
Maybe that's the way they will know
Stop, look and listen
Maybe that's the way they will knowMaybe this time we can heal our wounds
'Cause if we don't, we'll just make some room
We've got a long way to go
It just takes a moment to kiss goodbye
It just takes a moment to say goodbyeStop, look and listen
Maybe that's the way they will know
Stop, look and listen
Maybe that's the way they will knowStop, look and listen
Maybe that's the way they will know
Stop, look and listen
Maybe that's the way they will knowStop, look and listen
Maybe that's the way they will know
Stop, look and listen
Maybe that's the way they will know
