

Full Forever

Goo Goo Dolls

And I've had to fight
Another blurred affair tonight
Eyelids wrestle once again
Never gonna see my friend
Guided by the blinding white Have you left home in spite
From knowing I'm alone tonight
Waiting for the light of day
Doesn't matter anyway
Something that I need to say And I've gone underground
I'm never hangin' 'round
Should've made it back again Why can't the moon stay full forever?
Wednesday's bad but Friday's ain't much better
(Someone's hell)
Why can't the moon stay full forever?
Right now she's got nothin' on her mind Will this neverland
Free me from its clutching hand
It won't release me And I've gone underground
Obsessions I have found
Couldn't make it back again Why can't the moon stay full forever?
Wednesday's bad but Friday's ain't much better
(Someone's hell)
Why can't the moon stay full forever?
Right now she's got nothin' on her mind
