Winter Time

Chris August

In the winter time
When all the leaves are brown
And the wind blows so chill
And the birds have all flown for the summer
I'm callin', hear me callin', hear me callin'In the winter time
When all the leaves are brown
And the wind blows so chill
And the birds have all flown for the summer
I'm callin', hear me callin', hear me callin'
I'm callin', hear me callin', hear me callin'
In the winter timeIn the winter time
When all the leaves are brown
And the wind blows so chill
And the birds have all flown for the summer
I'm callin', hear me callin, hear me callin'
