

Where the River Flows

Scorpions

Under suburban skies
Where life is bleeding
Where concrete skies are grey
There's plenty of room for dreaming

I still keep coming here
Follow those traces
I travel back in time
Remember all those places
Feels like I never left
The house's still standing
Down by the river where
The dreams are never ending

You find me
You find me
You find me by the river
You find me
You find me
You find me where the river flows

Under the silent moon
This industrial city
Is heartland even though
Life's been not that pretty
I still keep coming here
To that old river
To find my roots just where
The future lives forever

You find me
You find me
You find me by the river
You find me
You find me
You find me, you can find me
By the river where dreams will never die
By the river under suburban skies
You find me
You find me

You find me by the river
You find me
You find me
You find me where the river flows
By the river where dreams have never died
By the river I look through children's eyes
You find me
You find me
You find me by the river
You find me
You find me
You find me where the river flows
You find me
You find me
You find me by the river
You find me
You find me
You find me where the river flows
Where the river flows
Where the river flows
Where the river flows
