

# Another Brick in the Wall

## Libera Orchestra Sinfonica

We don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teacher, leave them kids aloneHey, teacher, leave the kids aloneAll in all it's just another brick in the wall  
All in all you're just another brick in the wallWe don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teacher, leave them kids aloneHey, teacher, leave us kids aloneAll in all you're just another brick in the wall  
All in all you're just another brick in the wall
