# La-Da-Da

## Basia Bulat

Outside there's no wind there's no rain just the night is outside
And it's filled up my eyes but I still see
The river runs over the side of my hand
I keep watching the water take over and over again
And again, and againThen the star came down low and it started to glow
I have never been so afraid
I remember the garden that made yesterday
Such a beautiful thing that I couldn't escape
And it kept me awake so long
I went alone and you found me
Here with my ghost all around me
Hoping to call you my own againLa da da da da da da da da da da da da
La da da da da da da da da da da daNow we know after all this time
Your heart and your mind they are mine and they're lovely
I've held on to my green disguise
But you were the one who still wanted to find meJust to tell me the words have flowed over the waters
And hover around as we stare at each other and smile
When I whisper the wavering answer oh I'll close my eyes you know
I've been awake for so long
I went alone and you found me
Here with my ghost all around me
Hoping to call you my own againLa da da da da da da da da da da da da
La da da da da da da da da da da da
