

Say

Olivia Broadfield

There is something I should say
There is something I should tell you
There is nothing in my way
But I have to get it out of me

Can we stay here just a little bit longer, please
Can you say things just offer me some release

No one ever sees the highs
No one ever gets the best of me
No one sees me through your eyes
They are always second guessing me

Can we stay here just a little bit longer, please
Can you say things just to offer me some release

Can we stay here just a little bit longer, please
Can you say things just to offer me some release
