

# I'm Ready to Go

Dion

I got diamonds and pearls  
Dancing girls  
I like you baby you're all round the world  
I like what I like  
And I know what I know  
I don't know 'bout you babe  
But I... I'm ready to go I look up, I look down  
I look here baby  
All around  
I like what I like  
I know what I know  
I don't know 'bout you babe  
I'm ready to go  
Yeah don't envy me  
All these things you see  
You know baby I'm... up a tree... but I  
Like what I like  
And I know what I know  
I don't know 'bout you  
But I'm ready to go You womp baby... You walk by and said to me  
Do I see what I think I see  
A man's gotta go where a man's gotta go  
You can ride with me baby  
Just tell me I wanna go, I wanna go  
You know I change my shirt  
Change my hat  
Change my Superman underwear  
And all that like what I like  
I know what I know  
I don't know 'bout you  
But I'm ready to go I got a diamond dashboard  
Studded with pearls  
I wanna take you baby  
All around the world  
I like what I like  
I know what I know  
I don't know 'bout you babe  
And I'm ready to go  
I don't know 'bout you babe

But I... I'm ready to goCall me Jack

Call me John

Call me Jimmy

Call me DionI like what I like

I know what I know

I don't know 'bout you babe

I'm ready to go...
