

# Honeymoon

## SomeKinda Wonderful

I ain't got time to fall in love  
I'll be good her on my own  
I ain'y got time for a broken heart  
But baby we was built to fall apart

Its so disconcerting  
Its all how your learning  
The fire was burning  
The Honeymoons over  
We shucking and jabbing  
and drinking and smoking  
and fussing and fighting  
We back and forth like

da da yada yada

x4

da da yada yada

You got something i cant have  
and you found something for yourself  
My time here burning when i pay the rent  
baby  
well i guess some thihngs are better left unsaid  
unsaid

Its so disconcerting  
Its all how your learning  
The fire was burning  
The Honeymoons over  
We shucking and jabbing  
and drinking and smoking  
and fussing and fighting  
We back and forth like

da da yada yada

x4

the honeymoons over

da da yada yada

its hard to find words  
words i can say  
but im happy your gone  
everyday  
and we'll be cool  
next time we see eachother  
im down for the count  
girl i cant stay  
i cant stay  
We back and forth like  
da da yada yada  
x4

we back and forth like  
da da yada yada

the honeymoons over  
da da yada yada
