

Look Good in Leather

[Ceci Bastida](#)

I can do anything I want, because I look good in leather.
I can talk any kind of talk, because I look good in leather,
And I know you wish that you could look like me. I can make any one in mind, because I look good in leather.
I can rock her body so good it blows her mind, because I know how to fuck her better,
Better than you, that you're wishing you were me. Put on my poker face when I walk the streets, because I look
good in leather.
I can make a star out of any one I meet,
You're going to shine if you're standing beside me.
Give me some truth, don't you wish you could kick it with me. Because I look good in leather.
I look good in leather. I look good in leather.
Because I look good in leather.
