All or Nothing

Jay Sean

Baby, oh yeah, ooh, woah, yeah, ohThere wasn't anything I didn't love about you
You'd do some stupid things and I'd laugh at those too
And we went together like the summer in June
But who'd have known that it'd rain so soonThought I'd be the only one that'd make you smile
Thought I'd be the only one that'd really know how
But you showed me different and I know better now
I gotta get you out my system somehowI replay it over and over again
You were my girl, now we ain't even friends
You could've been my all or nothing, all or nothing
Now to me you're nothing
Girl, you're nothing, now you're nothingPut you on a pedestal, girl, I held you so high
Was never too good at finding the words to describe
Just how I felt for you but you know that I tried
But somehow we went and changed insideYou damn near were my everything you're still on my mind
But I'd rather be here all alone and I'm doing just fine
Gotta take it back to the days before we met
And live our lives as strangers againI replay it over and over again
You were my girl, now we ain't even friends
You could've been my all or nothing, all or nothing
Now to me you're nothing
Girl, you're nothing, now you're nothingI replay it over and over again
You were my girl, now we ain't even friends
You could've been my all or nothing, all or nothing
Now to me you're nothing
Girl, you're nothing, now you're nothingDecember days, my summer turned to winter
When you went away, I can't help but wonder
Was he worth my pain?
You should know better and I should've tooAnd I cried, and you cried and we tried to make it work
Almost died while we tried, is that what our love was worth?
If I could do it again, I would be a better man
Now I'm living with just memoriesI replay it over and over again
You were my girl, now we ain't even friends
You could've been my all or nothing, all or nothing
Now to me you're nothing
Girl, you're nothing, now you're nothingI replay it over and over again
You were my girl, now we ain't even friends
You could've been my all or nothing, all or nothing
Now to me you're nothing
Girl, you're nothing, now you're nothing
