

# Who Am I

## Kamchatka

Who am I?  
What's my game?  
I can not  
stay the same. I never stopped to think  
I am a product of my expectation  
of what others expect from me.  
That I expect more from myself  
than I do from anyone else  
is something I have not been able to see. Who am I?  
What's my game?  
I can not  
stay the same. I have to pick myself apart  
so I can make a brand new start  
once I have sorted out the muddle at hand,  
and when I put myself together  
I'll be built to last forever  
and then finally I must come to understand  
who I am.
