Downs

Big Star

Take downs, things sinkin' with a melody
Someone's gonna ask if you graduated
But as for you, throw downIsolated as far as you go
I'm well versed in the walls of worst
In the windows of most, wind downA.C., coast to coast
High cool 'cept when I lie with you
Naked on a southern love, oh cool downsCool downs, wise and prosperous, that I am
Flustered and erratic 'cept when I lie with you
Naked on a southern love, give downs, rub downs
Lie downs, any downs at all, any downs at all
