

# Downs

## Big Star

Take downs, things sinkin' with a melody  
Someone's gonna ask if you graduated  
But as for you, throw downIsolated as far as you go  
I'm well versed in the walls of worst  
In the windows of most, wind downA.C., coast to coast  
High cool 'cept when I lie with you  
Naked on a southern love, oh cool downsCool downs, wise and prosperous, that I am  
Flustered and erratic 'cept when I lie with you  
Naked on a southern love, give downs, rub downs  
Lie downs, any downs at all, any downs at all
