

# Evergleam

## Everclear

Evergleam and I know why  
God is good and Jesus loves me  
Heaven lives and I know where  
Sounds to me a not so easy chair  
Falling free and living down  
Stringing out and over happy  
Evergleam and I know why  
It isn't real and I'm not going to break  
I'm not going to break  
Don't die, don't give in to it  
No way no way no way  
Please don't leave me  
Evergleam and I know how

Pulling hair and breaking voices  
Giving in won't stop the noise  
Spinning wills don't give you choices  
Give away the spark inside you  
Give away the shining prize  
Evergleam and I know how  
It isn't real and I'm not going to break  
No I'm not going to break  
Evergleam everywhere  
Ever weird, everyone  
I won't see you there  
I'm not going away no way
