

# Teardrop

## Carver

Love, love is a verb  
Love is a doing word  
Fearless on my breath  
    Gentle impulsion  
Shakes me, makes me lighter  
    Fearless on my breath  
    Teardrop on a fire  
    Fearless on my breath  
    Water is my eye  
    Most faithful mirror  
    Fearless on my breath  
    Teardrop on the fire  
    Of a confession  
    Fearless on my breath  
    Most faithful mirror  
    Fearless on my breath  
    Teardrop on the fire  
    Fearless on my breath  
You're stumbling in the dark  
    Stumbling in the dark
