

You & Me

Robert Bradley's Blackwater Surprise

You & me, gonna live so happily
You and I, family, two kids, maybe three I know there's going to be some stormy weather
We cross the bridge of life when we all stuck together
We gonna rise up like a ashes from the fire
We gonna live forever beyond the day we die Oh baby, you & me, gonna live so happily
You and I, family, two kids, maybe three We gonna have some good times in the park
Love in the afternoon, chilling in the dark
We gonna climb up to the mountain on high
Our love will last forever beyond the day we die
Oh baby, you & me Oh baby, you & me, gonna live so happily
You and I, family, two kids, maybe three We gonna have a good time together
No matter what comes, stormy weather
I'm gonna love you, woman, all night long
And at the end of time, our love will still be strong
