[Sohee:] Listen to me now  
My heart is screaming out  
I'm trying to show you how to touch me  
I'm not just a girl,  
I'm more precious than pearls  
And i deserve all you got babe  
[Lim:] So if you're gonna hold me  
Baby dont let go of me  
Give me all you got I want everything  
My heart is a treasure  
One that can't be measured  
Let me teach you how to love me  
[Yenny:] Love me like money  
Love me like cars  
Love me babe love me babe wherever you are  
Love me up close  
Love me from afar  
Love me babe love me babe wherever you are

[Akon:] Stop listening to your friends  
They just want your man  
Misery loves a little company  
Don't feed into them lies  
Want you by my side  
Why is it so hard to trust me?  
Let go of your fears girl  
Promise I'll be here girl  
I won't let your heart skip a beat  
I'll take care of you if you take care of me girls  
Won't ever leave you lonely
