

# A-11

## Johnny Paycheck

I just came in here from force of habit  
I don't intend to spend too much time in here  
But I saw you headin' for the jukebox  
And if you play A-11, there'll be tears I don't know you from Adam  
But if you're gonna play the jukebox  
Please don't play A-11 Oh, this used to be our favorite night spot  
And when she was here, it was heaven  
It was here, she told me that she loved me  
And she always played A-11 I don't know you from Adam  
But if you're gonna play the jukebox  
Please don't play A-11  
Please don't play A-11
