

# The Edge of the World

## DragonForce

In times of fear and mystery, when the gods had ruled the earth  
Sound the bells of victory  
The sign of our rebirth  
How many died in vain, like waves against the shore  
No one hears their whispers anymore  
Lost, like the hope in the battle we fought  
Through the cold and the rain  
Gone, like the years in the shadows and pain, unknown  
I've seen through the eyes of the death  
And suffered for the time and again  
Granted with immortality  
The price for the savior of humanity  
Rise from the ashes of mankind  
He walks into the fire  
With the fate of us all in his hands  
And the sadness fills his eyes  
The prophecies of Babylon  
As he stands at the edge of the world  
Oh, oh, oh  
Oh, oh, oh, oh  
Long, is the journey, oh, long is the road  
As the sun rises over the world  
The quest is hard 'til the battle can end  
But I have the power in my hands  
I've seen through the eyes of the death  
And suffered for the time and again  
Granted with immortality  
The price of eternity for the Chosen One  
Rise from the ashes of mankind  
He walks into the fire  
With the fate of us all in his hands  
And the sadness fills his eyes  
The prophecies of Babylon  
As he stands at the edge of the world  
Oh  
Oh!  
Yeah!  
Honor, the God of Enlil  
Silence for the beast is now the prey  
Denied a chance for life  
I take back that what is mine  
Die  
Wrath, we rule the skies  
May the rain cleanse and wash away  
Imperfect, these creations of mine  
Corrupted by greed, they shall pay  
Chosen, saved from death's embrace  
One last chance for man to change his ways

Deified, a place amongst the gods  
Saved from mankind's own demise  
Rise from the ashes of mankind  
He walks into the fire  
With the fate of us all in his hands  
And the sadness fills his eyes  
The prophecies of Babylon  
As he stands at the edge of the world  
From the ashes of mankind  
He walks into the fire  
With the fate of us all in his hands  
And the sadness fills his eyes  
The prophecies of Babylon  
As he stands at the edge of the world  
Oh, oh  
Oh, oh  
Oh, oh  
At the end of the journey for the savior of the earth  
Sound the bells of victory through the signs of our rebirth  
As the shadows fade away, we watch the new sun rise, oh oh  
No one fears the darkness anymore
