

# Don't Run Away

## Masked Intruder

Don't be afraid, baby, don't run away  
Say that you'll stay forever  
Give me the chance to convince you to dance  
We could bring the world down together But as soon as I say hello, it seems it's already time to go  
Don't run away, I think I love you How can you know that true love wouldn't show?  
Open your heart at midnight  
I'll be your man if you give me your hand  
Don't you believe in love at first sight?  
But as soon as I say hello, it seems it's already time to go  
As soon as we meet eyes you gotta split  
The stars above are shining like they're smiling at us below  
Don't run away I think this is it Don't run away  
Don't run away  
Don't run away Don't run away  
Don't run away  
Don't run away Don't run away, baby, I'm begging you to stay  
Stay by my side forever  
Give me the chance to convince you to dance  
We could bring the world down together  
But as soon as I say hello, it seems it's already time to go  
As soon as we meet eyes you gotta split  
The stars above are shining like they're smiling at us below  
Don't run away I think this is it  
Don't run away I think this is it  
Don't run away I think this is it
