

# Fool's Hall of Fame

## Foghat

When my picture's in a frame  
In the fool's hall of fame  
There'll be no one you can blame but me  
She was mean and so unkind  
A two faced woman with a one track mind  
I was so blind, I could not see  
I believed all her lies and bad alibis  
Yes and everyone was wise, but me  
Now I see that I've been mislead  
About everything she said  
Call me a fool and I'll agree  
When my picture's in a frame  
In the fool's hall of fame  
There'll be no one you can blame but me
