

# Standing on All Threes

## Omi

You got me standing on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
You make me can't sleep  
'Cause you got me standing on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
Oh, you make me can't sleep I got you begging for more with a little foreplay  
I got you screaming and saying things weh no fit fi ear play  
Kick back, relax baby girl this is your day  
You deserve good service, you've earned it, it's ? You make me  
Pop off the button, let the zipper undone  
Strip tease no camera, not a publicity stunt  
This is a gallery a new museum  
Reveal the masterpiece and get a critique when you done yeah Mi take mi time 'cause mi no inna no haste  
Baby girl them say haste make waste mi move at a slow pace  
Make me lay you down to the waist ooh  
You deserve first place because now you got me You got me standing on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
You make me can't sleep  
'Cause you got me standing on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
Oh, you make me can't sleep She teasing me with her innocence  
When she pretends as if she depends on my experience  
She love it when mi take control  
Fi make she feel happy seh she de pan the receiving end  
She love it when me finger dem a crawl pan are  
Hm make she wet up like the rain a fall pan are  
She love it when me make di water run ina canal  
Make she crawl upon the wall, no now mi na go stop  
Any time you gone a you alone mi truely miss mi  
Love it when you make mi jus a talk bare foolishness  
The way mi love it you if you wonder if a coolie this  
So give it to mi even if a two minutes 'Cause you got me standing on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
You make me can't sleep

'Cause you got me standing on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
Oh, you make me can't sleepStanding on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
You make me can't sleep  
'Cause you got me standing on all threes  
Pretty little girl in the short jeans  
Right ya now mi firmer than the concrete  
Oh, you make me can't sleep
