

Blowing Me Kisses

Soulja Boy

Yeah, I said this one for your stereo
Turn me up, turn me up, turn me up, turn me
Yeah , yeah, I say-say this one for your stereo
Turn me up, turn me up, turn me up Shout out sexy ladies, this right here is your song
Hop inside your car and turn your radio on
Shout out sexy ladies, this right here is your song
Hop inside your car and turn your radio on She blowing me kisses, she blowing me kisses
I'm sitting and reminiscing, thinking, dreaming
She blowing me kisses, she blowing me kisses
I'm sitting and reminiscing , thinking, dreaming
About us I can take you places-places you have never been
Caribbean, feet in the sand
I-I can take you around the world
And you can be my girl, and I can buy you pearls
And you can tell your girlfriends, how I put it down
And it's like a movie every time I come around
When I'm in your city, man I shut the town down
Tell the whole world that I'm hot right now Shout out sexy ladies, this right here is your song
Hop inside your car and turn your radio on
Shout out sexy ladies, this right here is your song
Hop inside your car and turn your radio on She blowing me kisses, she blowing me kisses
I'm sitting and reminiscing, thinking, dreaming
She blowing me kisses, she blowing me kisses
I'm sitting and reminiscing , thinking, dreaming
About us Yeah
She like me, I like her
Knew-knew I would've wifed her
Who would've thought that ,she would've been like
The other half of me, what a sight to see
Me and her traveling, all across the world
I can be her man, she can be my girl
Turn the radio on, she kissing me through the phone
When sing her a song, when I tell her it's on Shout out sexy ladies, this right here is your song
Hop inside your car and turn your radio on
Shout out sexy ladies, this right here is your song
Hop inside your car, and turn your radio on She blowing me kisses, she blowing me kisses,
I'm sitting and reminiscing , thinking, dreaming,
She blowing me kisses, she blowing me kisses,
I'm sitting and reminiscing , thinking, dreaming

About us, about us
