

# Be Free

## Papa Roach

I woke up and I feel like shit  
I don't remember last night  
I'm gettin', sick of this  
I hit the bottle  
When I got off stage  
And got piss, drunk, stupid  
And I went in a rage  
I think I mighta got in a fight  
Because my knuckles were bloody  
And I don't feel alright  
I hit the bottom  
And I don't even care  
You say I'm goin' to hell  
But I am already there  
Sick and tired of bein' sick and tired I wanna be free  
From this ball and chain and  
Be free from this life of pain and  
Be free from this ball and chain  
I wanna be free from you Now I'm full of guilt and shame  
I can't point a finger 'cause  
There's no one to blame  
So I say you'll never do it again  
But when the sun goes down  
You are my, only friend  
I think that I am startin' to see  
I have become everything  
I never wanted to be  
I'm really gettin' sick of myself  
'Cause when I look into the mirror  
I see somebody else  
Sick and tired of bein' sick and tired I wanna be free  
From this ball and chain and  
Be free from this life of pain and  
Be free from this ball and chain  
I wanna be free from you I wanna be free  
From this ball and chain and  
Be free from this life of pain and  
Be free from this ball and chain  
I wanna be free from you Sick and tired of bein' sick and tired

So sick and tired of bein' sick and tired  
Sick and tired of bein' sick and tired  
So sick and tired of bein' sick and tired I wanna be free  
From this ball and chain and  
Be free from this life of pain and  
Be free from this ball and chain  
I wanna be free from you I wanna be free  
From this ball and chain and  
Be free from this life of pain and  
Be free from this ball and chain  
I wanna be free from you
