

# After Time

## Anvil Chorus

Hey, I'll brake the chains  
That bind your face.  
Hey, alone to touch  
The sweet and readies...After time...  
After time...  
After time...Hey, the walls are burning,  
Close your eyes.  
Hey, and don't to lie  
Before we face...After time...  
Be too late...  
After time...
