

Streetwalker

Michael Jackson

Pretty baby kisses for your loving,
i really get it when you're next to me yeah yeah,
i'm so excited how you give me all your loving,
i got it coming and it's ecstasy, streetwalking baby ,
cause everyday i watch you paint the town so pretty,
i see you come in and off on my thought yeah yeah,
you don't believe then you can ask my brother,
cause everyday at six home alone because,

because baby i love you, baby i love you, baby i want you,
baby come love me, baby i need you, your so satisfying,

i hear you walking cause your body's talking to me ,
i chase you every step of the way yeah yeah,
and invitation to some faraway hot island,
if i can show you baby home with me,

you see i never met a girl just like you
so easy don't you break my heart cause i love you,
you see i never met a girl just like you
so easy don't you break my heart cause i love you,streetwalking baby,
why don't you give me some time, won't you give me some time,
why don't you give me some time, won't you give me some,

i have to tell you that you give me strong hot fever ,
my every thought is you and that's a fact yeah yeah,
i'd like to take you places how about new york city,
or paris, france what do you think of that,

because baby i love you, baby i love you, baby i want you,
baby come love me, baby i need you,

you see i never met a girl just like you
so easy don't you break my heart cause i love you,
you see i never met a girl just like you
so easy don't you break my heart cause i love you,streetwalking baby.....

i got it coming baby because baby i love you, baby i love you, baby i want you,

baby come love me, baby i need you,

you see i never met a girl just like you
so easy don't you break my heart cause i love you, 2x
you see i never met a girl just like you
so easy don't you break my heart cause i love you 2x
