

# Young Love

Wynonna Judd

she was sittin cross legged on the hood of a ford  
filing down her nails with an emery board  
talking to her friends bout people they new  
and all of the things that young girls do  
when she says you see that guy in the baseball cap  
id like to spend some time with a boy like that  
betty says shes seen him at the hardware store  
i think his name is billy but im not sure  
as they talked a little while he passed by  
she smiled at him he just said hi  
he was thinkin to himself as he walked away  
man id like to find a girl like her someday

young love strong love true love  
its a new love  
there gonna make it through the hard times  
walk those lines  
yeah these ties are bind  
with young love

well she just couldnt stop herself from thinkin about him  
at a store downtown she saw him again  
she had both hands full he held open the door  
he said my name is billy ive seen you before  
can i help you with these can i give you a ride  
can i take you out on saturday night  
she didnt have to say what she was feeling inside  
he could see the answer shinin in her eyes

young love strong love true love  
its a new love  
there gonna make it through the hard times  
walk those lines  
yeah these ties are bind  
with young love

well from that day on you couldnt keep them apart  
they were side by side heart to heart  
mamma cried as billy slipped the ring on her hand

and when the baby was born she was cryin again  
well he worked real hard and put some money down  
on a little old house on the edge of town  
and that night when he held her he couldnt believe  
that God had made a girl that he'd never ever leave

young love strong love true love  
there gonna make it through the hard times  
and walk those lines  
yeah these ties are bind  
with young love

she was sittin cross legged on the hood of a ford  
filing down her nails with a emery board
