Everything About You (Alternate Version)

Sanctus Real

Be my light in this darkened room
I'm on my face and I'm calling You
I can't fathom all You've done for me
Every time it finds me on my kneesLike sun light in the winter coldEverything about You it takes my breath away
(Hallelujah)
I tried this once with out You and it was my great mistake
(Hallelujah)Questions fade when You invade
You chase all of my fears away
With Your love in my atmosphere
All confusion disappearsAnd nothing but Your truth remainsEverything about You it takes my breath away
(Hallelujah)
I tried this once with out You and it was my great mistake
(Hallelujah)Questions fade, You remain
You are like color on a page of white
Bright like eyes beneath black lights
Like a glowing city on the plains
You call my name
You call my nameEverything about You it takes my breath away
(Hallelujah)
I tried this once with out You and it was my great mistake
(Hallelujah)Hallelujah
Hallelujah
Hallelujah
Hallelujah
