Babyface

U2

Watching your bright blue eyes
In the freeze frame
I've seen them so many times
I feel like I must be your best friend
You're looking fine, so fine, oh my
Dressed up like a lovely day, ohBabyface, babyface
Slow down child, let me untie your lace
Babyface, babyface
Cover girl with natural grace
How could beauty be so kind
To an ordinary guy?Coming home late at night
To turn you on
Checking out every frame
I've got slow motion on my side
Turnin' around and aroundWith the sound and color
Under my control
Go around and around
Going down
Dressed up like a lovely dayBabyface, babyface
Tin foil hair all tied up in lace
Babyface, babyface
Bitter sweet girl won't you give me a taste
How could beauty be so kind
To an ordinary guy?Do do do
Do do do
Do do doBabyface, babyface
Slow down child, let me untie your lace
Babyface, babyface
Open the door, let me unpack my caseBabyface, babyface
You're everywhere child, all over the place
Babyface, babyface
You're coming to me from outer-space
How could beauty be so kind
To an ordinary guy?
