New Liver Please!

Tankard

Bier Durst! Now it's time to drink
I'm in the mood, so keep on buyin'
Rye, fuckin' rye
Really dig the braincell fryinRed wine! I want all the loose
The grapes of wrath keep me flyin' higher
Just one more glass
Now I'm really ficking wiredI've lost it! No reason!
I'm plagued with a disease
My burden! So help me!
Real quick, new liver please!
I've lost it! No reason!
I'm plagued with a disease
My burden! So help me!
Real quick, new liver please!Whiskey! Need a double-shot
Gimme a dose of the Holy Liquor
More - I need more
Hurry, the effect is quickerOh God! What is wrong with me?
I got the shivers but not two livers
My choice was booze
No wonder that I'm slowly dyingI've lost it! No reason!
I'm plagued with a disease
My burden! So help me!
Real quick, new liver please!
I've lost it! No reason!
I'm plagued with a disease
My burden! So help me!
Real quick, new liver please!Bier durst! Now it's time to drink
I'm in the mood, so keep on buyin'
Rye, fuckin' rye
Really dig the braincell fryinI've lost it! No reason!
I'm plagued with a disease
My burden! So help me!
Real quick, new liver please!
I've lost it! No reason!
I'm plagued with a disease
My burden! So help me!
Real quick, new liver please!I've lost it! No reason!
I'm plagued with a disease
My burden! So help me!

Real quick, new liver please!
I've lost it! No reason!
I'm plagued with a disease
My burden! So help me!
Real quick, new liver please!
