In Spite Of Me

Marion Raven

God, it was late, I was drunk
You saw me
The one by my side wasn't you
I'm sorry
And I knew right then
That I lost you there
But you took me in
[Chorus :]In spite of me
You made me feel invited
Nobody else
That is what I decided
Selfish and dumb, stupid and young
Yeah, that's me
But from all of the wrongs, you make it right
And forgive me
It's been said before
But I'll try once more
You are the one

[Chorus]God, it was late
I was drunk
You saw me
The one by my side
He wasn't you
(You made me feel invited)
I'm sorry
Nobody else
That is what I decided
In spite of me, you're here
You made me feel invited
Nobody else
That is what I decided
In spite of me, you're here
In spite of me
