

Enemy Fire

Bea Miller

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Enemy fire Who's a friend, who's an enemy

'Cause sometimes they look the same to me But looks can be pleasing, yet so deceiving

Sweet words from from a serpent's tongue

It's like playing with a loaded gun

Who knows what truth is

How do you prove it

I swear I see you watching me, well Oh, oh, oh

Come a little closer

Oh, oh, oh

You could be my soldier

Oh, oh, oh

Keeping me safe from all who conspire

Enemy fire

Oh, oh, oh

I'm looking for some shelter

Oh, oh, oh

From the belter skelter

Oh, oh, oh

Just keep me away from all who conspire

Enemy fire

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Enemy fire

Enemy fire Burn a hole through the plastic crowd

'Cause I've been trying to find the way out

It's so confusing but never amusing

Sweet smiles in the aftermath

Turned to whispering behind my back

I need an ally to guard the night time

Someone to keep me from these crazies Oh, oh, oh

Come a little closer

Oh, oh, oh

You could be my soldier

Oh, oh, oh

Keeping me safe from all who conspire

Enemy fire!
Oh, oh, oh
I'm looking for some shelter
Oh, oh, oh
From the belter skelter
Oh, oh, oh
Just keep me away from all who conspire
Enemy fire
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Enemy fire
Enemy fire
All around me I hear cries
And bombs are falling from the skies
Can't you help me save my life
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Enemy fire
Oh, oh, oh
Come a little closer
Oh, oh, oh
You could be my soldier
Oh, oh, oh
Keeping me safe from all who conspire
Enemy fire!
Oh, oh, oh
I'm looking for some shelter
Oh, oh, oh
From the belter skelter
Oh, oh, oh
Just keep me away from all who conspire
Enemy fire
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Enemy fire
Enemy fire
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Enemy fire
Enemy fire
