

On Me

Glasses Malone

Yo, I can't even make a ghetto joint without even thinkin' about a chick
This is hot right here
Ill combination, Dru Hill, N O R E, Thugged out Millitainment
We gonna get it poppin'
Dru Hill, I don't think they ready, you won't have a clue
Shorty you can't deny, Sisqo, Woody, Scola, and Nokio
Makes you wanna do freaky shit you never ever did before
Put your hands up and move your body, touch your pussy for me, yeah
Mix it up, put it down, I'm spendin' shorty
On me, put it on me
To this hot beat that makes your heart beat
Makes you wanna give it up, give it up, give it up right now
Here come niggas down the street
Ooh, that's that racket, that's that racket, turn the volume up
Yo, it remind of that beat, that beat
That bump, that bump, that bump, that bump
It's that hot beat, that makes the hotties wanna put it on me
So give it up, give it up, give it up right now
On me, put it on me
To this hot beat that makes your heart beat
Makes you wanna give it up, give it up, give it up right now
Yo, I make it hapalappen, play it off in the cadalacin
Shorty checkin' my phone that ain't crackin'
Chick be easy, give a lil' easy
Once I come easy, get out the 9 measy
She asked Papi, shit negative choppin'
Straight grimy hard dick and no shoppin'
In the club get ya drunk like
And mami took it propa like
Gotta new deal, cat truck with a new grill
Its a reunion nigga, with Dru Hill
And I still get my drink on, loud and buzzin'
Def Jams own, Pootey Tang's first cousin
And no, muthafuckas won't stop my game
And no, I get probs like a boxin' name yeah
You sing every time a nigga appear
Two chicks on my arm plus a blunt in my ear, it go
It's got you open, hopin', stroke this, dopest, dopest, dopest
Rollin', these beatz be helpin', hopin', open, stroke this, focus

Just can't deny, Sisqo, Woody and Scola, Nokio and Jazz
I don't mind, move your body
On me, put it on me
To this hot beat that makes your heart beat
Makes you wanna give it up, give it up, give it up right now
On me, put it on me
To this hot beat that makes your heart beat
Makes you wanna give it up, give it up, give it up right now
