One More Time

The Suicide Machines

One more time Somebodies gotta killone more time Is time standing
One more time Another suicide
One more time Another kid has died[Chorus:]And one more time I think
I'm losing my mind [4x]One more time Another broken home
One more time A cold heart of stoneOne more time Are children born to dieOne more time Is it any wonder why[Chorus 2x]Can you tell me why this is they're just kidsOne more time Power's always misused
One more time A child's been abused
One more time A cry that goes unheardOne more time I can only think the worst[Chorus 2x]
