

Dancing Again

Timo Ody

How long
Till the sun shines down
And the moon comes out
And we're dancing again

How long
Till the stars realive
And i know that you're mine
And we're dancing again

How long
Till the sun shines down
And the moon comes out
And we're dancing again
And we're dancing again
And(and and...)

We were dancing again (dancing again dancing again dancing again...)

And we're dancing again

And we're dancing again...
