

Little Liar

Joan Jett And The Blackhearts

(Joan Jett/Desmond Child)

I was taught to never tell a lie
To look you in the eye and tell it like it is
Always thought that you would be the same
It's such a shame that's not the way it is

I was fooled by your innocence
And my love for you was so intense
With our connection only physical

If it got me through the night

Well that's a lie

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you oh

A simple question makes you look away

Your hesitation gives it all away

There's some protection in the way you move

If there's sadness in my eyes

It's coming from your lies

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

I believed in you

You want to sleep with me but payback's tough

Why don't you call me when you're all grown up

If there's a change in you I'll know it's true

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar I believed in you

Hey little liar

Hey little liar

Hey little liar
