

# Punkhouse

## Screeching Weasel

If you need a place to stay  
Welcome to the punk house  
It's a party every day  
Living in a punk house  
Stay awhile and sit and smoke a cigarette  
La la la la  
There's always something happening here  
When your in a punk house  
Cheap food and even cheaper beer  
Are always in a punk house  
Jump up and down  
Dance on the Couch  
Stuff a potato in you mouth  
La la la  
Life goes by way too fast  
To spend it working for somebody else  
It don't make any sense  
If you like it here why don't you stay  
Don't wanna work? Well that's O.K.  
Cause no-one else here wants to get a real job  
Come on down, hang out with us  
Hang out at a punkhouse  
Don't mind all the filth and grime and muck  
Cause it's just a punk house  
Spaghettie stains on the walls  
And creepy insects in the halls  
We'll have a ball  
Young and dirt poor and having fun  
And we're never growing up
