

# Radiating

## Luscious Jackson

I know you're waiting  
Just to get laid  
Shade is saying  
Stay the fuck away  
Break it down and get small  
Break it down and get small  
Break it down and get small  
Break it down and get small  
Stop radiating violations  
Stop radiating violations  
You're on a wire  
You've got a cop in office  
You're on a wire

You've got a cop in office  
Here's for living honest  
Instead of uptight  
Body bags for everyone  
Who isn't all right  
Break it down and get small  
Break it down and get small  
Break it down and get small  
Break it down and get small  
Stop radiating violations  
Stop radiating violations
