

# Where The River Flows

## Scorpions

Under suburban skies  
Where life is bleeding  
Where concrete skies are gray  
There's plenty of room for dreaming  
I still keep coming here  
Follow those traces  
I travel back in time  
Remember all those places  
Feels like I never left  
The house's still standing  
Down by the river where  
The dreams are never ending  
You find me, you find me  
You find me by the river  
You find me, you find me  
You find me where the river flows  
Under the silent moon  
This industrial city  
Is heartland even though  
The life's been not that pretty  
I still keep coming here  
To that old river  
To find my roots just where  
The future lives forever  
You find me, you find me  
You find me by the river  
You find me, you find me  
You find me, you can find me  
By the river  
Where dreams will never die  
And by the river  
Under suburban skies  
And by the river  
Where dreams have never died  
By the river  
I look through children's eyes  
You find me, you find me  
You find me by the river  
You find me, you find me

You find me where the river flows  
You find me, you find me  
You find me by the river  
You find me, you find me  
You find me where the river flows  
Where the river flows  
Where the river flows  
Where the river flows
