Never Thought I

Sole'

Yeah, heh, you know it's funny
The more things change, the more they stay the same
I'm sittin', watchin' these things around me
People doubting me, people questioning me
But everything's falling into place
Yeah, everything in time, feel me?Never thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the sameNever thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the sameNever caught behind, twist-ups of the mind
Why I can't bring that body ?
Flipped it last time, press rewind
Script it, that time, got ya mindBoys wasn't wit it, had to recline
Laid back, fade back plenty of times
Tommy Boy's filled with plenty of rhymes
Back there niggas never called me fineOne of the guys that scouts the scene
Roughed up, stuffed up, left the scene
Y'all bitches wouldn't never believe
That their niggas was checkin' for meLittle girl, curls, that was me
Little world, swirls, that was me
Drama unfold, that was me
Drama fun, girls that was meScrawny little thing, as a child
Men would chuck, runnin' wild
Me called names? Not allowed
Gotta be something that was vileWide eyed, cried, takin' 'em blowin'
Start ridin', cried [unverified]
Flip that, start lookin' for shows
Spit that, time I have to goOn the car 'round the block, runnin' with boys
Only girl got Slick McCoy
Had a little crush, name was Troy
Got a little rush, loved the joyBent adolescent tryin' to get down

[Unverified] to wearin' a frown
Steady comin' up, wonderin' how
Never been as fly, so look at me nowNever thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the sameNever thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the sameStarted growin' up, started to bloom
Same damn thing, chased out the storm
E-lay C-lay caught at noon
Write more, fight more, stay in my roomGettin' with the wrong guy, never again
Get it from the wrong guy, never a friend
Try to go straight, world tryin' to end
No such thing, 'cuz I'm tryin' to mendNiggas try to see me, never before
Bitches wanna be me, never before
Niggas that would dis me, tryin' to score
Bitches now jealous of me whoreHeard they relay many of lines
Got played, got laid many times
Crushed inhibition, lookin' for signs
Love didn't live here, it was blindNever thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the sameNever thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the same"Who's she?", everybody askin' me
"Who's she?", everybody ask to see
Who? Me? Everybody tryin' to be
Game ain't never been a thing to meWas broke, now tote plenty of G's
Got mad, get with L-O-V
Me be mellow and sweet
[Unverified]Came up, has lots of luck

Came up, heads like destruct
Write more, don't get stuck
Write more, then make a buckBitch can't be heard or a thing
Been that shit, heard runnin' schemes
Now I'm the hottest thing on the scene
Straight line, got mine, know what I mean?Keep it on top, not a raid
Hope it don't fly, masquerade
Myself from them days of play
Stories like this that I relateHopin' that, don't start to slip
Hopin' that, can keep a grip
Write rhymes that I can flip
Mothafuckin' business, it's a tripLearned that life ain't a game
Passed up, passed by, it's a shame
Never let ya life go insane
Time go by, it's chainLook up, look by, it remains
Still be sittin' there, still complain
Gold digger's dream [unverified]
Look up at the sky, say my nameNever thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the sameNever thought I'd be this fly, what
Never thought I'd be this tight, what
Never thought I'd have my time, what
Never thought you'd hear me rap, whatEverybody wanna a piece of my cut
That record deal got sour
It's a trip how people change in this game
But it's still the same
