

# Roses On the Window

## Avey Tare's Slasher Flicks

Out of trouble, into something special  
Lots to do but I don't mind because I like the pace  
I looked up and saw it, and I was downtown  
Someone asked me why I float, it's cause I know I've got the  
Roses on the window  
I don't wanna be bashful, cause I love you brother  
And I wanna be thankful that I found a lover  
Roses on the window  
Found the roses on the window  
Found the roses on the  
Folded in green  
We're sitting right there in the clear  
Thought the wind was purple  
Folded on the  
Rolled in your sleeve  
We're fitting right there in your hair  
The way that wind was hurtful  
So as if that song, I need a sample  
If the roses move on, hope the memory is ample  
And as if that song, I needed a sample  
If the roses move on, hope the memory is ample  
Cause I like the way they try to like hawaiian luaus  
I got rolled in the hay on the deadliest scarecrow  
Roses one more day on the filthiest of murals  
And I hope they stick around, or else the day will be cold  
New water  
Outer level, take us to the next page  
Very scruffy but you're looking pretty in the face  
Finding something relaxing at the bottom  
We're with the fishes and we're floating  
Cause we know we've got the  
Roses on the window  
I don't wanna be rational if there isn't, brother  
I don't wanna be bashful cause I love you brother  
Roses on the window  
Who found the roses on the window  
Who found the roses on the window  
Found the roses on the window  
Found the roses on the
