

# Spanish Boots

## Jeff Beck Group

I used to work and take a salary  
In a hole up near a foundry  
But it did not take me too long  
To get my boots on a "so long!"  
Long spanish boots on a "so long!" I took a day job in bethlehem  
I nearly threw in the towel then  
But it did not take me too long  
To get my boots on a "so long!"  
High spanish boots on a "so long!"  
Dig it I took a spanish haberdashery Restored with 15th century tapestry  
But oh, mr. nesbitt got the best of me  
So I strapped on my boots and said "so long!"  
Laced up my high boots and "so long!"  
Goodbye... am on a job you see  
'cause my old boots they mean too much to me  
Leather boots are just a mystery  
Put on my boots and said "so long!"  
High spanish boots on and "so long!"  
Put on my boots and said "so long!" Those old spanish boots  
Put on my boots and said "so long!"  
High spanish boots
