

# Let It Slide

## No Use For A Name

I spend a day and night  
then finally realize  
theres really nothing going on  
so why should i try to shake this  
when theres no one in my dreams  
that i should care about  
let it fall  
let it be  
let is rise  
let tomorrow come  
and take my time away  
i see the world go by  
and let it slide  
and watch my friends get high  
i really dont care whos to blame  
and waste away my timethey love to point fingers at you  
'cause theres nothing else to do
