Jawbreaker
Jawbreaker
Jawbreaker
You're like a
Jawbreaker
Jawbreaker
JawbreakerHey just to be polite you know
Well I'll ask about yourself if I choose
But we both know
There's a past, bad blood and such
It makes me wanna spitI caught your evil eye
One ugly inner childLife felt slow in the past
And yet little by little bits
Creep on up, history,
Took the day at least a part of itJawbreaker
Jawbreaker
Jawbreaker
You're like a
Jawbreaker
Jawbreaker
JawbreakerI caught your evil eye
One ugly inner child
I felt your evil eye
Like a needle in the sideAre you part of them
Or part of me
You bother them
And you bother meAre you part of them
Or part of me
'Cause you bother them
And you bother meJawbreaker
Jawbreaker
Jawbreaker
You're like a
Jawbreaker
Jawbreaker
JawbreakerI caught your evil eye
One ugly inner child
I felt your evil eye
One ugly inner childI caught your evil eye

One ugly inner child
I felt your evil eye
